

The Journal OF THE *House of Representatives*

Number 38

Monday, April 26, 2010

The House was called to order by the Speaker at 10:00 a.m.

Prayer

The following prayer was offered by Pastor Robert Gay of High Praise Worship Center of Panama City, upon invitation of Rep. Patronis:

Father, we come before Your throne today to ask for Your wisdom, guidance, and direction for this session of the Florida Legislature. We come today to do that which the Founders of our nation declared was to be done: To acknowledge the providence of Almighty God, to obey His will, to be grateful for His benefits, and to humbly implore His protection and favor.

Lord, we know that without You, we have no moral compass, and without a moral compass, we lose our ability to govern correctly. So we ask You, Lord, to lead us by Your Spirit today. It is with the understanding that righteousness exalts a people and sin brings reproach that we ask You to cause a righteous responsibility to be realized in every heart that is present. We ask, today, that would You cause Your values to become our values. Let us place importance and priority on that which You have declared is to be preeminent. Let all the legislators of this state realize that they are to place greater value and weight upon that which is morally right, rather than that which is popular and expedient.

Father, we ask that You would cause every governing official of this state to hear and follow Your voice, while the voices of unrighteousness are silenced. May every legislator know that You have ordained earthly government to be an extension of Your kingdom, and that they are ministers of the Lord.

Father, we receive this commissioning today knowing that You alone are the one who gives power and authority to govern. Father, I give You thanks for all those who are serving in this legislative body today. For those that have willingly taken upon themselves the responsibility of public service, I pray Your abundant blessing to be upon them and their families.

Father, may the government of the state of Florida be an example to the rest of this great nation of that which is pleasing in Your sight. And may Your blessing be upon us and all generations to come. Lord, we ask all these things in Your name, the name that is above every name. Amen.

Rep. Rader moved the adoption of the amendment.

Point of Order

Rep. Schenck raised a point of order, under Rule 12.9(c), that the amendment was out of order because it was the principal substance of HB 743, a bill that had not been reported favorably by at least one council or committee of reference.

The Chair [Speaker Cretul] referred the point to Rep. Galvano, Chair of the Rules & Calendar Council, for a recommendation.

Rep. Galvano, Chair of the Rules & Calendar Council, in speaking to the point of order on Amendment 2 to HB 1401, stated that though the definition of the amendment was more expansive, the intent of Rule 12.9 was still being violated because, within the amendment, HB 743 was encapsulated, and that bill had not been heard by at least one committee. Rep. Galvano recommended that the point be well taken.

The Chair [Speaker Cretul], upon the recommendation of Rep. Galvano, Chair of the Rules & Calendar Council, ruled the point well taken and the amendment out of order.

Representative Rader offered the following:

(Amendment Bar Code: 194669)

(d) "State agency" means any official, officer, commission, board, authority, council, committee, or department of the executive branch of state government.

(2) **PROHIBITED EXPORTS.**—Notwithstanding any other provision of law, a state agency may not issue a certificate of free sale, export certification report, certificate of good manufacturing practices, permit, registration, license, or certification of any kind for any good, commodity, or thing of value to be exported to a proscribed country.

(3) **PROHIBITED CONTRACTS.**—

Rep. Galvano, Chair of the Rules & Calendar Council, in speaking to the point of order on Amendment 3 to HB 1401, stated that the amendment still encapsulated the substance of HB 743 and recommended that the point be well taken.

The Chair [Speaker Cretul], upon the recommendation of Rep. Galvano, Chair of the Rules & Calendar Council, ruled the point well taken and the amendment out of order.

The court may consider the adultery of either spouse and the circumstances thereof in determining the amount of alimony, if any, to be awarded. In all dissolution actions, the court shall include findings of fact relative to the factors enumerated in subsection (2) supporting an award or denial of alimony.

(2) In determining whether to ~~a proper~~ award of alimony or maintenance, the court shall first make a specific factual determination as to whether either party has an actual need for alimony or maintenance and whether either party has the ability to pay alimony or maintenance. If the court finds that a party has a need for alimony or maintenance and that the other party has the ability to pay alimony or maintenance, then in determining the proper type and amount of alimony or maintenance, the court shall consider all relevant ~~economic~~ factors, including, but not limited to:

- (a) The standard of living established during the marriage.
- (b) The duration of the marriage.
- (c) The age and the physical and emotional condition of each party.
- (d) The financial resources of each party, including the nonmarital and the marital assets and liabilities distributed to each.

(e) The earning capacities, educational levels, vocational skills, and employability of the parties and, when applicable, the time necessary for either party to acquire sufficient education or training to enable such party to find appropriate employment.

(f) The contribution of each party to the marriage, including, but not limited to, services rendered in homemaking, child care, education, and career building of the other party.

(g) The responsibilities each party will have with regard to any minor children they have in common.

(h) The tax treatment and consequences to both parties of any alimony award, including the designation of all or a portion of the payment as a nontaxable, nondeductible payment.

~~(i)(e)~~ All sources of income available to either party, including income available to either party through investments of any asset held by that party.

~~(j) The court may consider~~ Any other factor necessary to do equity and justice between the parties.

(3) To the extent necessary to protect an award of alimony, the court may order any party who is ordered to pay alimony to purchase or maintain a life insurance policy or a bond, or to otherwise secure such alimony award with any other assets which may be suitable for that purpose.

(4) For purposes of determining alimony, there is a rebuttable presumption that a short-term marriage is a marriage having a duration of less than 7 years, a moderate-term marriage is a marriage having a duration of greater than 7 years but less than 17 years, and long-term marriage is a marriage having a duration of 17 years or greater. The length of a marriage is the period of time from the date of marriage until the date of filing of an action for dissolution of marriage.

(5) Bridge-the-gap alimony may be awarded to assist a party by providing support to allow the party to make a transition from being married to being single. Bridge-the-gap alimony is designed to assist a party with legitimate identifiable short-term needs, and the length of an award may not exceed 2 years. An award of bridge-the-gap alimony terminates upon the death of either party or upon the remarriage of the party receiving alimony. An award of bridge-the-gap alimony shall not be modifiable in amount or duration.

(6)(a) Rehabilitative alimony may be awarded to assist a party in establishing the capacity for self-support through either:

- 1. The redevelopment of previous skills or credentials; or
- 2. The acquisition of education, training, or work experience necessary to develop appropriate employment skills or credentials.

(b) In order to award rehabilitative alimony, there must be a specific and defined rehabilitative plan which shall be included as a part of any order awarding rehabilitative alimony.

(c) An award of rehabilitative alimony may be modified or terminated in accordance with s. 61.14 based upon a substantial change in circumstances, upon noncompliance with the rehabilitative plan, or upon completion of the rehabilitative plan.

(7) Durational alimony may be awarded when permanent periodic alimony is inappropriate. The purpose of durational alimony is to provide a party with economic assistance for a set period of time following a marriage of short or moderate duration. An award of durational alimony terminates upon the death of either party or upon the remarriage of the party receiving alimony. The amount of an award of durational alimony may be modified or terminated based upon a substantial change in circumstances in accordance with s. 61.14. However, the length of an award of durational alimony may not be

modified except under exceptional circumstances and may not exceed the length of the marriage.

(8) Permanent alimony may be awarded to provide for the needs and necessities of life as they were established during the marriage of the parties for a party who lacks the financial ability to meet his or her needs and necessities of life following a dissolution of marriage. Permanent alimony may be awarded following a marriage of long duration, following a marriage of moderate duration if such an award is appropriate upon consideration of the factors set forth in subsection (2), or following a marriage of short duration if there are exceptional circumstances. An award of permanent alimony terminates upon the death of either party or upon the remarriage of the party receiving alimony. An award may be modified or terminated based upon a substantial change in circumstances or upon the existence of a supportive relationship in accordance with s. 61.14.

~~(9)(4)~~(a) With respect to any order requiring the payment of alimony entered on or after January 1, 1985, unless the provisions of paragraph (c) or paragraph (d) apply, the court shall direct in the order that the payments of alimony be made through the appropriate depository as provided in s. 61.181.

(b) With respect to any order requiring the payment of alimony entered before January 1, 1985, upon the subsequent appearance, on or after that date, of one or both parties before the court having jurisdiction for the purpose of modifying or enforcing the order or in any other proceeding related to the order, or upon the application of either party, unless the provisions of paragraph (c) or paragraph (d) apply, the court shall modify the terms of the order as necessary to direct that payments of alimony be made through the appropriate depository as provided in s. 61.181.

(c) If there is no minor child, alimony payments need not be directed through the depository.

(d)1. If there is a minor child of the parties and both parties so request, the court may order that alimony payments need not be directed through the depository. In this case, the order of support shall provide, or be deemed to provide, that either party may subsequently apply to the depository to require that payments be made through the depository. The court shall provide a copy of the order to the depository.

2. If the provisions of subparagraph 1. apply, either party may subsequently file with the depository an affidavit alleging default or arrearages in payment and stating that the party wishes to initiate participation in the depository program. The party shall provide copies of the affidavit to the court and the other party or parties. Fifteen days after receipt of the affidavit, the depository shall notify all parties that future payments shall be directed to the depository.

3. In IV-D cases, the IV-D agency shall have the same rights as the obligee in requesting that payments be made through the depository.

Section 2. The amendments to s. 61.08, Florida Statutes, by this act apply to all initial awards of alimony entered after July 1, 2010, and modifications of such awards. Such amendments may not serve as a basis to modify awards entered before July 1, 2010, or as a basis to change amounts or duration of awards existing before July 1, 2010. The amendments to s. 61.08, Florida Statutes, by this act are applicable to all cases pending on or filed after July 1, 2010.

6. Are designed and sited in a manner that will minimize the potential for erosion.

7. Do not materially impede access by the public.

8. Are designed to minimize adverse effects to nesting marine turtles and turtle hatchlings, consistent with s. 379.2431.

9. Are designed to facilitate easy removal of the geotextile containers if needed.

10. The United States Fish and Wildlife Service has approved an Incidental Take Permit for marine turtles and other federally threatened or endangered species pursuant to s. 7 or s. 10 of the Endangered Species Act for the placement of the structure, provided the United States Fish and Wildlife Service has required ~~if~~ an Incidental Take Permit as a condition precedent to placement of the structure is required.

(b) An applicant seeking a general permit shall provide the department with the information set forth in rule 62B-56.050(3)(a), (b), (c), (e), (g), (i), (j), (k)1-4, (l), and (m), Florida Administrative Code. The information shall be submitted under seal by a professional engineer licensed to practice in this state. In addition, the applicant shall submit a fee of \$2,500, which shall be refunded to the applicant if the application is not approved pursuant to this subsection.

(c) The department shall grant or deny in writing each request for a general permit pursuant to this subsection within 30 days after receipt of the documentation required under paragraph (b), unless the applicant agrees to an extension. Unless the applicant agrees to another date, if the department fails to act on the request within the 30-day period, the request is approved. The department's denial of a request for a general permit is subject to review under chapter 120. If the general permit is denied, the denial shall be set aside and the permit shall be issued in response to any administrative or judicial proceeding for review unless the department can demonstrate by clear and convincing evidence that the applicant has not submitted the required documentation.

~~(d)(b)~~ Subsequent to issuance of the general permit, but prior to commencement of construction, the permittee shall submit to the department a fee of \$1,500 and the information set forth in rule 62B-56.050(3)(h), (k)5-7, and (n), Florida Administrative Code, certified by a professional engineer licensed to practice in this state. In addition, the permittee ~~The applicant or successive property owners~~ shall provide financial assurances in the form of surety or performance bonds or other financial responsibility mechanisms that the authorized geotextile containers will be removed if the requirements of this subsection cannot reasonably be maintained and the permit conditions are not met. The permittee shall file a notice of the general formal permit conditions in the public records of the county where the permitted activity is located. Project construction shall be undertaken by a contractor licensed in this state.

~~(e)(e)~~ The department shall order removal of the geotextile container if the conditions of subparagraph (a)4. are not met, if the project can no longer ~~ceases to function as designed~~ due to irreparable damage, ~~if the project is~~

determined by the department to have caused a significant adverse impact to the beach-dune system; or if the United States Fish and Wildlife Service revokes the Incidental Take Permit required in subparagraph (a)10.

~~(f) In addition to paragraphs (a)-(e), a general permit is granted for dune restoration incorporating geotextile containers or similar structures approved by any state or local agency pursuant to subsection (3) and constructed prior to July 2007 if the applicant demonstrates that the project was designed by a professional engineer licensed in this state and installed by a contractor licensed in this state. The department shall order removal of the geotextile containers only if the permittee fails to meet the conditions of paragraph (e).~~

~~(g) Any rules of the department inconsistent with this subsection are repealed.~~

~~(d) The department may require any engineering certifications that are necessary to ensure the adequacy of the design and construction of the permitted project.~~

~~(e) Upon receipt of a permit application, the department must notify the applicant and agent of all the statutory provisions of this subsection.~~

~~(f) The department shall review, with third party expert involvement, the performance of dune restoration incorporating geotextile sand filled containers to determine whether such structures provide upland protection and to determine their impact on the beach dune system and adjacent properties. Such structures shall continue to be evaluated to determine if they are a more effective form of dune restoration than beach-compatible sand and native vegetation. Based on such analysis and peer review, the department shall recommend to the Governor, the President of the Senate, and the Speaker of the House of Representatives if the provisions of this subsection should be modified. It is the intent of the Legislature that until such recommendations are transmitted and considered by the Legislature, there shall be no changes in the requirements or conditions contained in this subsection.~~

~~(g) The department shall not include structures authorized under this subsection in the statewide comprehensive beach management plan or the annual list of local government funding requests submitted to the Legislature pursuant to ss. 161.091 and 161.161.~~

(12) A person who knows or should know of the nature of the following types of solid waste may not dispose of such solid waste in landfills:

(c) Yard trash in lined landfills classified by department rule as Class I landfills, unless the Class I landfill uses an active gas-collection system to collect landfill gas generated at the disposal facility and provides or arranges for a beneficial use of the gas. A Class I landfill may also accept yard trash for the purpose of mulching and utilizing such yard trash to provide landfill cover for municipal solid waste disposed at the landfill. The department, by rule, shall develop and adopt a methodology to award recycling credit for the use of yard trash at a Class I landfill with a gas-collection system that makes beneficial use of the collected landfill gas. A qualifying permitted Class I landfill shall obtain a minor permit modification to its operating permit which describes the beneficial use being made of the landfill gas and modifies the facility's operation plan before receiving yard trash as authorized under this paragraph. The permittee must certify that gas collection and beneficial use will continue after closure of the disposal facility that is accepting yard trash. If the landfill is located in a county that owns and operates a compost facility, waste-to-energy facility, or biomass facility that sells renewable energy to a public utility and that is authorized to accept yard trash, the department shall provide to the county notice of, and opportunity to comment on, the application for permit modification. Yard trash that is source separated from solid waste may be accepted at a solid waste disposal area where separate yard trash composting facilities are provided and maintained. The department recognizes that incidental amounts of yard trash may be disposed of in Class I landfills. In any enforcement action taken pursuant to this paragraph, the department shall consider the difficulty of removing incidental amounts of yard trash from a mixed solid waste stream. This limited exception applies to all units of local government, including, but not limited to, municipalities, counties, and special districts. However, this limited exception does not apply to any county that currently operates under a constitutional home rule charter previously authorized in 1956 by the voters of Florida in a statewide referendum. This limited exception to the ban on disposing of yard trash in a Class I landfill is not intended to have a material impact on current operations at existing waste-to-energy or biomass facilities.

369.317 Wekiva Parkway.—

(6) The Orlando-Orange County Expressway Authority is hereby granted the authority to act as a third-party acquisition agent, pursuant to s. 259.041 on behalf of the Board of Trustees or chapter 373 on behalf of the governing board of the St. Johns River Water Management District, for the acquisition of all necessary lands, property and all interests in property identified herein, including fee simple or less-than-fee simple interests. The lands subject to this authority are identified in paragraph 10.a., State of Florida, Office of the Governor, Executive Order 03-112 of July 1, 2003, and in Recommendation 16 of the Wekiva Basin Area Task Force created by Executive Order 2002-259, such lands otherwise known as Neighborhood Lakes, a 1,587+/- acre parcel located in Orange and Lake Counties within Sections 27, 28, 33, and 34 of Township 19 South, Range 28 East, and Sections 3, 4, 5, and 9 of Township 20 South, Range 28 East; Seminole Woods/Swamp, a 5,353+/- acre parcel located in Lake County within Section 37, Township 19 South, Range 28 East; New Garden Coal; a 1,605+/- acre parcel in Lake County within Sections 23, 25, 26, 35, and 36, Township 19 South, Range 28 East; Pine Plantation, a 617+/- acre tract consisting of eight individual parcels within the Apopka City limits. The Department of Transportation, the Department of Environmental Protection, the St. Johns River Water Management District, and other land acquisition entities shall participate and cooperate in providing information and support to the third-party acquisition agent. The land acquisition process authorized by this paragraph shall begin no later than December 31, 2004. Acquisition of the properties identified as Neighborhood Lakes, Pine Plantation, and New Garden Coal, or approval as a mitigation bank shall be concluded no later than December 31, 2010. Department of Transportation and Orlando-Orange County Expressway Authority funds expended to purchase an interest in those lands identified in this subsection shall be eligible as environmental mitigation for road construction related impacts in the Wekiva Study Area. If any of the lands identified in this subsection are used as environmental mitigation for road-

construction-related impacts incurred by the Department of Transportation or Orlando-Orange County Expressway Authority, or for other impacts incurred by other entities, within the Wekiva Study Area or within the Wekiva parkway alignment corridor and, if the mitigation offsets these impacts, the St. Johns River Water Management District and the Department of Environmental Protection shall consider the activity regulated under part IV of chapter 373 to meet the cumulative impact requirements of s. 373.414(8)(a).

(a) Acquisition of the land described in this section is required to provide right of way for the Wekiva Parkway, a limited access roadway linking State Road 429 to Interstate 4, an essential component in meeting regional transportation needs to provide regional connectivity, improve safety, accommodate projected population and economic growth, and satisfy critical transportation requirements caused by increased traffic volume growth and travel demands.

(b) Acquisition of the lands described in this section is also required to protect the surface water and groundwater resources of Lake, Orange, and Seminole counties, otherwise known as the Wekiva Study Area, including recharge within the springshed that provides for the Wekiva River system. Protection of this area is crucial to the long term viability of the Wekiva River and springs and the central Florida region's water supply. Acquisition of the lands described in this section is also necessary to alleviate pressure from growth and development affecting the surface and groundwater resources within the recharge area.

(c) Lands acquired pursuant to this section that are needed for transportation facilities for the Wekiva Parkway shall be determined not necessary for conservation purposes pursuant to ss. 253.034(6) and 373.089(5) and shall be transferred to or retained by the Orlando-Orange County Expressway Authority or the Department of Transportation upon reimbursement of the full purchase price and acquisition costs.

TITLE AMENDMENT

Between lines 120 and 121, insert:

amending s. 369.317, F.S.; providing that certain activity relating to mitigation of certain environmental impacts in the Wekiva Study Area or the Wekiva parkway alignment corridor meets specified impact requirements under certain conditions;
